Reimagining Plastics Manufacturing:
**Robotics, Sustainability and
EPR for MSMEs**

PUA-RISE

Robotics & Innovation for Smarter Engineering

Ahmedabad

AUGUST 29, 2025

www.polymerupdateacademy.com

The PUA-RISE Forum – a national initiative aimed at transforming MSMEs in the plastics sector through innovation, automation, and access to enablers.

About Polymerupdate (www.polymerupdate.com)

Polymerupdate has been Asia's #1 market intelligence company in the petrochemical space for the past 25+ years. The company provides business critical industry news and price assessments which are used as benchmarks for contract settlements in many parts of South Asia, South East Asia and the Middle East.

About Polymerupdate Academy (www.polymerupdateacademy.com)

Polymerupdate Academy, an initiative of Polymerupdate, is an innovative education platform that provides an easy and simple channel to high-quality technical programmes in chemical, petrochemical and allied industries. The courses are designed for personnel from the industry, students who wish to upgrade their knowledge and also for students who do not have access to proper training facilities. A person anywhere in India or abroad can register for the course. There are several modules. Refresher course, certificate course, customized courses for a specific industry. These courses are designed in such a way that some Institutes which may not have faculty for conducting certain courses can also benefit. These programs are Asynchronous learning – a self-paced study programme where each candidate takes the course alone, at a convenient time.

For a glimpse of our courses and feedback from previous sessions, I invite you to visit our YouTube channel at

Topic

Reimagining Plastics Manufacturing: **Robotics, Sustainability and EPR for MSMEs**

Event Details

August
29, 2025

02:00 PM To
06:00 PM

Ahmedabad, Gujarat

for **SMEs/MSMEs** in plastics sector

Registration Fee:

₹1,500 + Taxes

Per Attendee

(Includes refreshments, networking access,
and a Digital MSME Toolkit)

Key Objectives:

1. Drive Adoption of Smarter Moulding Practices

Introduce modern and cost-effective moulding techniques that reduce cycle time, material wastage, and energy consumption – leading to better quality and higher profitability

2. Enable MSMEs to Embrace Innovation Without Fear of High Investment

Through access to modular automation solutions, low-cost digital tools, and smart manufacturing practices suited to their scale

3. Connect MSMEs with Enablers and Support Systems

Connect MSMEs with Government and Financial Enablers for Access to Funding, Skill Development, and Technology Support

4. Promote Sustainable Manufacturing and EPR Compliance

Encourage eco-friendly production practices and support MSMEs in aligning with EPR mandates through awareness, simplified compliance tools, and integration of circular economy principles – ensuring long-term environmental and business sustainability

Who Should Attend?

- Plastic Processors & Injection Molders
- Auto Component Manufacturers
- Packaging & Extrusion-based MSMEs
- Tool & Die Makers
- Entrepreneurs looking to modernize operations

Key Speakers & Dignitaries

KEYNOTE SPEAKER

Dr. D. D. Kale

Honorary Chancellor,
Polymerupdate Academy

KEYNOTE SPEAKER

Mr. Naresh Babuta

General Manager, SIDBI

EXPERT SPEAKER

Mr. Prittam Raj Mohapatra

Senior Manager (Sales Roboshot)
FANUC INDIA PVT LIMITED

EXPERT SPEAKER

Dr. Khushboo Bhavsar

Lead-Advisory, NEST by NEPRA

EXPERT SPEAKER

Mr. Manish Sharma

Sales & Tech Support – Robomachine
FANUC INDIA PVT LIMITED

EXPERT SPEAKER

Ms. Krupa Desai

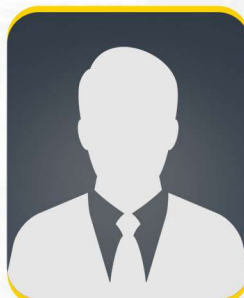

Vice President,
EMC – Environmental Management
Centre Pvt Ltd

EXPERT SPEAKER

Mr. Sanjay Saxena

Faculty,
Polymerupdate Academy

EXPERT SPEAKER

Mr. Brijesh Purohit

Vice President,
EMC – Environmental Management
Centre Pvt Ltd

Our Strategic Partners

Technology Partner

Finance Partner

Sustainability Partner

EPR Partner

Media Partner
